

the Group Head Cleaner™

BCC201 & BCC202

Breville®

the Group Head Cleaner™

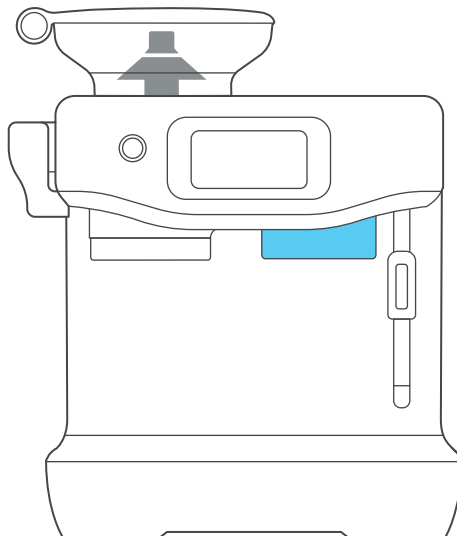

BCC201 = 6 X 5 g
BCC202 = 12 x 5 g

NOTE

The provided recommendations for standard cleaning products are based on general usage. Individual results may vary depending on specific conditions and personal preferences.

For optimal performance, Breville recommends using its own certified cleaning products.

Backflushing cleans the group head of rancid coffee oils. This cleaning process may vary depending on machine usage. For a machine used daily at home, it is recommended to backflush every 2-4 weeks.
